42. Everfast agrees that in the event that Everfast breaches the commitments set forth in this LOA, to include conduct contrary to timely USDOJ objection to any notice submitted pursuant to this LOA, a recommendation may be made that the FCC modify, condition, revoke, cancel, enter other declaratory relief, or render null and void any relevant license, permit, or other authorization granted by the FCC to Everfast or its successors-in-interest, in addition to pursuing any other remedy available by law or equity.
